Monday 13th June 2022

Dear Parents/Carers,

Here we are at the start of your child's last half-term in Year 1, where has the time gone? But what an exciting last half term we have planned, from building stable structures to sports day.

Homework

Please support the children in practicing their spellings every day at home before their test on a Friday. As many children have now had new Homework Diaries/Reading Diaries, spelling scores will now be recorded inside these books next to the children's reading comments.

Please continue to listen to your child read every day and make a note in their Homework Diary. Willow Class enjoy having 15 minutes of quiet, independent reading time before lunch, so please ensure your child's reading books and Homework Diaries are in school every day. When you listen to your child read at home, please take the time to write a quick note in their reading diary. This helps us to support the children in the best way.

Willows will explore lots of new aspects of maths during this half term, including time and money. Please support your child in accessing Mathletics where they will build upon these new skills. New homework is set every Friday.

Here are some useful Maths resources to consolidate your child's learning from last half term. We are not expecting you to print these or return them to school (unless you want to) but we hope you find them useful when supporting your child at home.

Fractions

What we are looking forward to

Sport's Day will be taking place in the coming weeks and the children can't wait to work in their houses on this exciting day. As you already know, we begin our new history topic of '**Toys Over Time**' this week with the children bringing a toy from when they were babies into school. The children will then carry out some research of their own, asking their parents and grandparents about toys from their childhoods.

As you can see from the curriculum web, towards the end of the half term, Year 1 will be making either a car garage or a chair for a doll/bear using junk modelling resources. **We would appreciate any donations of junk modelling resources** that you collect at home over the next few weeks. We are particularly looking to collect cardboard cereal boxes (or similar sized boxes), toilet rolls, and any other items that you may usually throw into your recycling bins.

Tudor Grange Primary Academy
Meon Vale

Thank you for your continued support. As always, if you have any questions or concerns, please get in touch.

Kind Regards

Miss Middleton
