Loudmouth Visit – healthy, happy and safe relationships.

Year 4 pupils were visited by members of the Loudmouth theatre group who used a combination of drama, discussion and group activities to teach them about how to stay safe, healthy and happy in different situations.

They learnt:

- The HANDS rule
- What a personal network is
- Early warning signs
- Who they can call if they are worried about something (including the Childline number, 0800 1111)

Images and information concerning the event have been added to the class Jigsaw book.
